The Telluride Ski Experience offers a genuine mountain experience for all levels of skiers thanks to a mix of quality terrain at all points on the mountain. From refined groomed runs to challenging moguls, there truly is something for everyone. Even beginners and intermediate skiers can ride to the highest peaks and enjoy terrain and views typically reserved for the experts.

The Town of Telluride is located in the southwest corner of Colorado in the spectacular San Juan

Range of the Rocky Mountains. The town is situated at the end of a three-mile spur off State Highway 145 in a dramatic box canyon and is surrounded by the twelve and thirteen thousand foot peaks of the Uncompahgre National Forest. This makes Telluride a more out of the way, full-service ski resort with exceedingly short lift lines.

Originally called Columbia, the rowdy mining camp became a town in 1878, and changed its name to Telluride which according to legend is a contraction of "To-Hell-You-Ride".

Telluride has over 1,700 acres of skiable terrain serviced by 18 lifts including, 2 gondolas, 8 quad express lifts, 2 triple chairs, 2 double chairs, and 4 surface lifts. This cor-

nucopia of uphill capacity opens up 92 separate runs rated as 24% beginner, 38% intermediate, and 38% advanced/expert. The longest run, *Galloping Goose*, is 4.6 miles long.

Gold Hill's Lift #14 provides access to the highest ski at 12,255ft. Although most of the runs descending from the top of Lift #14 are double

black, there is an easy descent from this lift, coming down the *See Forever* ski run on top of the ridge with among the best alpine vistas in the world.

If all the skiing creates a hunger in your belly, fear not as there are seven, that's right, seven on hill restaurants and snack facilities. The "big boys" can stay on the hill all day.
